

A BETTER LIFE THROUGH AUTHENTIC CONNECTION

Hamish

Hi, my name is Hamish. I'm outgoing, health and fitness-orientated, and pride myself on being able to relate to people and their situations.

I love to help people realise their goals and set plans in motivation to help them achieve what they set out to do. I also believe in many ways, a friendly ear and a good walk or meal can do wonders. I particularly work well with young males ranging from 10-35.

If you choose me as your mentor I will encourage you and motivate you to achieve your goals in a safe environment while still having a load of fun.
