

A BETTER LIFE THROUGH AUTHENTIC CONNECTION

Olivia

Olivia is a passionate person who loves helping people create better and healthier lifestyles for themselves. Olivia is empathetic and approaches new challenges with eagerness and curiosity.

Olivia loves getting outdoors, specifically the beach. Olivia is always trying to get friends and family to come with, maybe even get them onto the paddle board, which is one of Olivia's favourite activities.

Olivia believes encouraging people to tap into their creative side is always something positive as they can learn a lot about themselves and express their feelings and emotions that they might not be able to talk about.
