

A BETTER LIFE THROUGH AUTHENTIC CONNECTION

Teagan

Hello there! My name is Teagan. I consider myself a spontaneous and creative person who loves outdoor adventures. I have a strong passion for learning, living a fulfilling life, making friends, and helping others. Ever since I was a child, I've always enjoyed assisting people in need. I find it fulfilling to positively impact lives and assist individuals in achieving their goals. With 5 years of experience in childcare, I am eager to share my knowledge and expertise to help others improve their lives. I naturally enjoy aiding people and creating a safe and comfortable space for everyone. I care deeply about people's physical and emotional wellbeing and strive to be a source of support in their lives. Personally, having the proper support and a positive role model helped me regain a sense of purpose and belonging. If you're looking for a mentor who is compassionate, patient, and supportive, then choose me! I can assure you that we will have fun, experiment, and grow together.
